

ARS 2018 Poster Presentation Guidelines

- Each poster session author will be provided with a 4"x3" poster board area (Landscape) and mounting pins. The board will indicate the poster number in upper right corner. Authors are responsible for mounting their posters in the morning of their presentation and removing them as soon as the session ends. Posters left up past that time will be discarded.
- All illustrations, charts, etc., to be posted should be prepared in advance as materials for these purposes will not be available at the meeting site. ARS 2018 will provide a reasonable supply of push pins.
- The poster should be prepared in **Landscape** orientation. Each poster must include text in a large enough font (~28point font) to be read easily by attendees from a distance of 4 to 5 feet or more. Lettering on illustrations should be large and legible. Material should be displayed in logical sequence (introduction, development, conclusion).
- No commercial activities or any advertising may be displayed on the posters. Non-compliance with this rule will result in the poster being removed.
- Authors may wish to bring extra copies of their data and conclusions. No duplication facilities will be available through ARS 2018. Authors may also wish to provide sign-up sheets for attendees who may wish additional information, reprints, etc.
- Posters will be arranged by topic on one of two conference days (Tuesday or Wednesday) and remain up the full day. Approximately two hours each of those days is set aside for poster presentations and judgement when no other sessions are scheduled. The authors need not be present the entire time.
